

Fire Hose Reel

LIFECO fire hose reels are designed and manufactured to EN 671-1:2012. The hose reels are manufactured from 1.2mm thick ribbed side plates for increased strength and coated with UV resistant Epoxy Powder Coating in Red. Stainless Steel hose reels can be supplied on request. Automatic hose reels are supplied with an integral automatic start/stop Valve which will open/close the water supply after two revolutions of the reel. Brass internal waterways ensure corrosion free life. Inlet hose pipes are supplied with rotating unions.
