

Technical Features

- Switch Contact: Double SPDT.
- Contact Capacity: 15 Amps under 125/250 VAC, 2.5 Amps under 30 VDC.
- Dust Proof and Waterproof Lever: IP66.
- Temperature Range: -40°C to 60°C.
- Outer Cover: die casting with red coating.
- Base: Galvanized carbon steel.
- Factory Setting: 5-7 PSI (cannot be adjusted after consignment).
- Differential Pressure: 1 PSI (cannot be adjusted after consignment).
- Pressure Connection: Nylon 1/2" NPT thread.
- Wiring Inlet: 1/2".
- Dimension: 121mm(4 3/4")*57mm(2 1/4")*111mm(4 3/8").
