

TECHNICAL DATA SHEET

for use by Architects & Engineers

Oblique Landing Valve

Model No. LDR 097 / 098

Features

- Compact design with excellent flow characteristics
- High quality casting finishes
- Precise machining for metal to metal leak proof seating
- Corrosion resistant
- Maintenance free
- Complete with Brass cap and chain
- Straight-through design for ease of use

Description

LIFECO Oblique Landing Valves are manufactured according to BS 5041 and are available with an outlet of 65mm Ø with installation coupling to BS 336 and inlet with flange.

Technical Details

Body	Copper alloy
Hand wheel	Grey cast iron
Inlet	65mm Ø flange or screw thread
Outlet	65 mm Ø instantaneous
Test Pressure	327 psi (22.5 bar)
Finishes	Brass, Chrome or Red painted
